WELL VISIT SERVICE WAIVER

Please Note:

- If well childcare or preventative services are considered “covered” by your insurance company, they may still go toward your deductible and/or may require copayment.
- Vickery Pediatrics follows the recommendations of the American Academy of Pediatrics for all annual check-ups to provide the highest level of care for your little ones.
- We are happy to help if you have questions about your insurance. However, specific coverage issues or inquiries should be directed to your insurance company.
- Hearing and Vision are **REQUIRED** for school enrollment (Kindergarten).

You are financially responsible for any amount not covered by your child’s health insurance.

The following services may go towards your deductible: **Hearing** (4 years and up) CPT code: 92587, **Vision** (4 years and up) CPT code: 99173, and **Photo-screen** (1, 2 & 3 years) CPT code: 99177.

- ☐ **YES**, I do want the recommended screenings and agree to pay for additional costs associated with these services if they are not paid for by my insurance policy.
- ☐ **NO**, I do not want any of the recommended screenings done at today’s visit. I understand that if I wish to have them done at a later date there will be an office visit fee billed in addition to the services provided.
- ☐ I would like a copy of this waiver for my records.
